Zakat Worksheet

Add up your assets, subtract debts, and work out your 2.5% - with the nisab.

Zakatable asset	Amount
Cash and bank	
Gold (value)	
Silver (value)	
Business assets	
Investments	
Total zakatable assets	
Less: debts you owe	
Net zakatable wealth	
Zakat due (2.5%)	

Nisab: zakat is due once your net wealth reaches the nisab (the value of 85 g of gold or 595 g of silver) and a lunar year has passed. A guide, not a fatwa - confirm with a scholar.
